Dear Mr. Kreindler:

I have received your letter of November 14, 1961 which indicates your concern that the Department of State does not have investigative material that has been developed on the Sabena Boeing 707 aircraft accident at Brussels on February 15, 1961. You state your understanding that such material is readily available through official sources and request the Department to verify this with a view toward obtaining the available information.

Although the Department has no official information other than that supplied to you in my letter of October 25, 1961, our Embassy at Brussels has been requested to ascertain, as expeditiously as possible, whether the material you require is available through official sources.

I will communicate with you as soon as a reply is received from our Embassy on this matter.

Sincerely yours,

Henry T. Snowdon
Chief
Aviation Division
